औद्योगिक समागम/Industry Meet

January 07, 2023, Hotel Bawa International, Mumbai (10:00-17:00 hrs)

CSIR-CBRI has been collaborating with Industries related to construction sector for addressing the various challenges faced by the society. The aim of this meet is to get a better engagement with new startup industry partners and identify the common goals of safe, sustainable, affordable, comfortable and ecological solutions in the construction sector. It focuses to bridge the gap between Research & Development organizations and Industry - field implementation by keeping Industry partners on board. Besides establishing new synergies, this meet shall help us to develop new networks with eminent industrial partners across the globe. This Industry Meet will assist CSIR-CBRI to look into the purpose, goals, scope, timeline and roles in redefining the path of CSIR-CBRI, keeping SDG, IPCC and National Missions objectives in focus.

It is expected that over 100 Industry partners from Construction Sector will deliberate on the subject matter.
