One Week One Lab

January 06 -13, 2023

ABOUT THE PROGRAM

Hon'ble Minister (S&T) Dr. Jitendra Singh emphasized that each of 37 CSIR laboratories is unique and specializes in as diverse areas as the genome to geology, food to fuel, minerals to materials, and so on.

To showcase and propagate such diversity across society Hon'ble Minister announced the idea of "One Week One Lab" to be a nationwide theme-based campaign to showcase the technological breakthroughs and innovations in the CSIR labs.

PURPOSE

- *To identify the needs of regions, industry – develop and provide desired scientific solutions*
- *To develop collaboration with states and industry for deployment and commercialization*
- *To identify the potential industry for the co-development of next-gen technologies & products*
- *To create networks of govt-academia-industry for faster delivery and deployment*
- *To motivate youngsters and budding entrepreneurs to create startups*

ABOUT CSIR-CBRI

The CSIR-Central Building Research Institute, Roorkee, has been engaged in generating, cultivating and promoting building science and technology in the service of the country. Since its inception in 1947, the Institute has been assisting the building construction and building material industries in finding timely, appropriate and economical solutions to the problems of materials, rural and urban housing, energy conservation, energy efficiency, fire hazards, structural and foundation problems and disaster mitigation. The institute maintains international linkages with bodies like CIB, Netherlands; TWAS, Italy; BRE, U.K.; ASTM, U.S.A.; CSIRO, Australia; RILEM, France; BRS, Canada, UNCHS, Kenya and a few prestigious universities of the world. At the national level, the institute has close interaction with BMTPC, HUDCO, DST, Ministry of Urban and Rural Development, Housing Boards and Societies of the State Government, Engineering and Academic Institutions, Construction and Building Materials Industries
