

Webinar on Urban Underground Space

March 13-14, 2023

Organised Under the aegis of CSIR Integrated Skill Initiative

Timing	Technical Sessions
March 13, 2023	
10:30 am	Geotechnical Engineering Activities in Project Sites
11:30 am	Deep Excavation in Construction
02:30 pm	Failure and Rectification of Retaining Structure for Deep Excavation - Case Studies
03:30 pm	Ground Improvement under Railway Embankments
March 14, 2023	
10:00 am	Challenges in Underground Metro Construction
11:00 am	Creating Large Scale Sustainable Underground Infrastructure
02:30 pm	Design & Construction of Underground Metros
03:30 pm	Embedded Retaining Structures for Urban Infrastructure

PATRON

Dr. R. Pradeep Kumar
Director, CSIR-CBRI

Er. Eswara Prasad FIE
General Manager
Tata Projects Pvt Ltd

EMINENT SPEAKERS

Er. Kondapalli Bairagi
Head, Geotechnical Division
L&T-Const.

Er. Vetriisvelan Arumugam
Head, Design & Engineering
Bauer Eng. India Pvt Ltd

Er. V. Jayapragash
Manager
L&T-Construction

Dr. N. Kumar Pitchumani
Regional Director
AECOM

Er. Sudhansu
MD & CEO
NEXHS

Dr. Makarand Khare
Director
Terranova Consultants

Er. M. Kumaran
Head, E & T
L&T GeoStructure

Organized by:

Skill Development Group
CSIR-Central Building Research Institute
Roorkee-247667, Uttarakhand
Email : vinoth@cbri.res.in ; Mob: 9486112108

Coordinators:

Er. M. Vinoth Scientist Er. M.S. Aswathy Scientist

Mentors:

Dr. R. Dharmaraju Chief Scientist Dr. D. P. Kanungo Chief Scientist
