Institutional Visit
Engineering Students from
KIET Group of Institutions, Ghaziabad (U.P)
May 18, 2023

A one-day exposure visit was organized for 110 Engineering students of **KIET Group of Institutions, Ghaziabad** including their faculty members as a part of their degree course to understand the institute expertise through various ongoing projects and developed technologies with respect to building construction sector.

Initially, event coordinator **Mr. Nadeem Ahmed**, Sr. Pr. Scientist welcomed the students/faculty members and briefed about the institutional activities & its achievements. He explained about the contributions of CSIR-CBRI in the field of affordable housing for creating a safe & sustainable habitat. He also informed about various divisions of CSIR-CBRI and their functioning through a demonstration video lecture.

Subsequently, the visitors have been taken to various R&D Laboratories such as **Geotechnical Engineering & Geo-hazards (GEGH)**, **Structural Engineering (SE)**, **Advance Concrete, Steel and Composites (ACSC)** & **Fire Safety Engineering (FSE)** of the institute; where concerned scientist/technical staff have explained about the specific R&D technologies of their laboratories.

Later, visitors were also taken to **Construction Technology Demonstration Park & Rural Technology Park** for showcasing them the implemented innovative housing technologies and affordable rural housing technologies respectively developed by CSIR-CBRI.
