Institutional Visit for the Engineering Students of  
**KIET Group of Institutions, Ghaziabad (U.P)**

May 31, 2023

One-day exposure visit to CSIR-CBRI Roorkee was organized for 106 Engineering students and 04 faculty members of *KIET Group of Institutions, Ghaziabad* as a part of students' degree course to understand the institute expertise through various ongoing projects and developed technologies with respect to building construction sector.

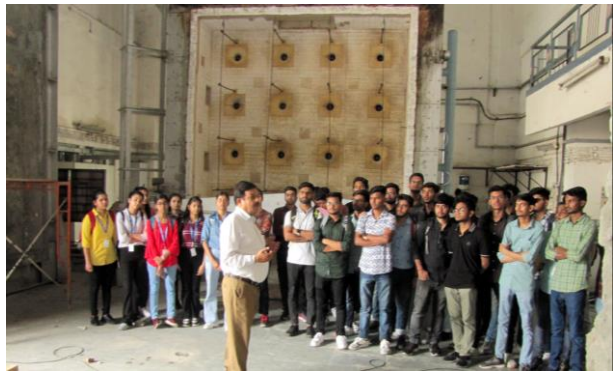

Initially, *Dr. Chandan Swaroop Meena*, Sr. Scientist welcomed the students'/faculty members and briefed about the institutional activities, milestones and technical assistances to the society. He explained about the contributions of CSIR-CBRI in the field of affordable housing for creating a safe & sustainable habitat. He also emphasized on CSIR-CBRI vision to become world-class knowledge base for providing solutions to almost all area of building construction/habitat planning including innovative building materials, fire engineering & disaster mitigation. Visitors were also being informed about various divisions of CSIR-CBRI and their functioning through several demonstration video lectures.

Subsequently, the visitors have been taken to various R&D Laboratories such as *Geotechnical Engineering & Geo-hazards (GEGH)*, *Structural Engineering (SE)*, *Advance Concrete, Steel and Composites (ACSC)* & *Fire Safety Engineering (FSE)* of the institute; where concerned scientist/technical staff have explained about the specific R&D technologies of their laboratories.

Later, visitors were also taken to *Rural Technology Park* for showcasing them the implemented innovative and affordable rural housing technologies developed by CSIR-CBRI throughout the nation in Biju Pucca Ghar Yojana, Odisha and PMAY-G.
