

Annexure-10

**CSIR - CBRI, ROORKEE
INTER OFFICE NOTE**

No. FR /AK/23
25th January, 2023.

From: Dr. A. Aravind Kumar
Sr. Scientist, FR Group

To: Director

Subject: Fire performance evaluation testing charges approval-Reg
Ref: New.

It is to inform you that in the Reaction to fire lab, new experimental facilities were procured and installed successfully. The equipment facilities can be utilized for testing of the materials. The details of the test, charges for testing and equipment used for testing were given below.

Sl. No	Name of test	Test Charges	Equipment used for testing
1.	Flammability evaluation UL94 & Its equivalent standards	Rs. 1,00,000/-	UL 94 Apparatus
2.	Ignitability Evaluation BS EN ISO 11925-2 & Its equivalent standards	Rs. 1,00,000/-	Single Flame source
3.	Flammability Evaluation IS15061 & Its equivalent standards	Rs. 1,00,000/-	Horizontal & Vertical Flammability
4.	Smoke Density rating ASTM D 2843 & Its equivalent standards	Rs. 1,00,000/-	Smoke Density Tester

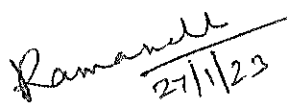

These testing charges do not include the service tax. The service tax at the prevailing rates will be included in the test charges. Preparation of samples and their installation will be responsibility of the client.

Director is requested to kindly approve the above stated test charges.
