

Scientist-Student Interaction (16th February,2024)

On February 16, 2024, Dr. P.K.S. Chauhan, Senior Principal Scientist at CSIR-CBRI, accompanied by Ms. Gunjan Joshi, Project Associate, and Ms. Shreya Negi, Project Associate, visited Doon Global School in Dehradun with the aim of engaging students and fostering scientific curiosity. Dr. Chauhan delivered a captivating lecture on "भारतकीवैज्ञानिकविरासत" (The Scientific Heritage of India), highlighting the rich scientific legacy of India, while Ms. Negi presented on "CSIR Contribution for the Global Well-being of India," showcasing CSIR's pivotal role in scientific research for societal betterment. The interactive sessions facilitated lively discussions and inspired students to consider careers in scientific research, emphasizing the importance of preserving India's scientific heritage and leveraging contemporary scientific advancements for global well-being. Such engagements are crucial for nurturing the next generation of scientific innovators and instilling a culture of scientific inquiry and discovery among students.
