GAP-1363	Design and detailing of MSME sensor fabrication laboratory at CSIR-CEERI, Pilani.	CSIR-CEERI, Pilani	01-02-2024	28-02-2025

Objective: To construct a state-of- the-art cleanroom for housing MEMS sensor fabrication.

Abstract: This project focuses on the development of architectural and structural drawings in accordance with the requirements specified by CEERI Pilani officials. The design will include considerations for the structural safety of the building, adhering to the latest I.S. Codes. Additionally, the HVAC design and drawings will be prepared based on consultations with and requirements from CEERI Pilani officials.
