

**PI Name:** B. S. Rawat Transferred to P.C. Thapliyal

**Project Title:** Bio-efficacy of Fipronil 2.92 w/w E.C (W/V) against subterranean termites for its suitability through pre-construction anti-termite treatment (part-a). Bio-efficacy of Fipronil 2.92 w/w E.C (W/V) against subterranean termites for its suitability through post – construction anti-termite treatment(part-b)

**Client:** Dr. Ashish Dokras Head, Market Development & Technical Services Environmental Science, Bayer Crop Science Ltd. Bayer House, central Avenue, Hiranandani Estate, Thane (W), Mumbai-400607, Maharashtra

**Objectives:**

1. Modified ground board (MGB) test experiments in three different climate and soil conditions.
2. Residual efficacy studies of treated soil.
3. Post-construction anti-termite treatment in termite infested building (as per is: 6313).
4. Data collection and analysis.
5. Report preparation.
