Open Day Educational Visit
February 10th, 2026

As part of the **80th Foundation Day celebrations** of CSIR–CBRI, Roorkee, an Open Day educational visit was organized for **64 students** only girls and **8 faculty** members from Methodist Girls' College, Roorkee, coordinated by Dr. Neeraj Jain, Head–ODS, and Dr. Hemlata, Senior Scientist. The programme included visits to the Dr. Billing's Exhibition Gallery highlighting the institute's key achievements, NEETF Laboratory, 3D Printing Laboratory, and the Fire Safety Engineering (FSE) Division etc. offering students exposure to the institute's research and advanced facilities.

A special Open Day exhibition with different thematic stalls showcased CSIR–CBRI’s technologies, including advanced construction solutions, materials research, and drone-based applications, enabling active interaction with scientists. The Director, CSIR–CBRI, appreciated the students’ enthusiasm and highlighted the role of such outreach programmes in inspiring young minds towards science, technology, and research.
