**Exhibition**

**UK Science & Energy Fair**

**27–29 March.2026**

CSIR-Central Building Research Institute, Roorkee participated in the UK Science & Energy Fair held in Kotdwar, Uttarakhand from 27 to 29 March 2026.

**Day 1: 27 March**

The exhibition was inaugurated by Honourable Smt. Ruchi Bhatt, State President, BJP Mahila Morcha, Uttarakhand. During the event, CSIR-CBRI showcased a range of cutting-edge technologies and models, including the 3D-printed rural house model, the Ram Mandir 3D model, Zig-Zag Brick Kiln technology, the Air Disinfectant Machine, the Mud Block Machine, along with several other innovative building science solutions, attracting considerable attention from visitors who appreciated the institute’s efforts toward sustainable, modern, and cost-effective construction practices. Visitors showed strong curiosity and appreciation, actively engaging with the team and expressing keen interest in the institute’s technologies.

## Day 2: 28 March

On the second day of the fair, the CBRI stall was visited by **Honourable Shri Dilip Singh Rawat, MLA, Lansdowne, Uttarakhand.**

A large number of school students also visited the stall. They showed keen interest in the displayed models and technologies, engaging enthusiastically with the demonstrations and explanations provided by the CBRI team.

## Day 3: 29 March

On the concluding day, the CBRI stall was graced by **Hon'ble Smt. Ritu Khanduri Bhushan, Speaker, Uttarakhand Legislative Assembly and MLA, Kotdwar.** CSIR-CBRI was also **honoured with a memento** in recognition of its participation and contributions to the exhibition.

Throughout the day, the stall attracted a substantial number of students and visitors, who showed great enthusiasm, curiosity, and appreciation for the technologies and models showcased by the institute.
